

List of IAEA's New CRPs published in the form of web articles between 2025-02-01 and 2025-07-23

The Coordinated Research Activities website lists new CRPs open for proposals, which can be found at the following link: <https://www.iaea.org/services/coordinated-research-activities>.

All proposals received by the IAEA will be carefully considered. Enquiries concerning specific CRPs should be addressed directly to the IAEA's Research Contracts Administration Section, at: research.contracts@iaea.org.

New Project to Optimize Human Milk Intake Research in Infants | IAEA
