1. Overview

TUNEM is a 2-year professional degree program with a full scholarship, which is tremendously supported by the National Energy Administration of China and the Ministry of Education of China. Meanwhile, the three major nuclear power groups in China, i.e. China National Nuclear Corporation (CNNC), State Power Investment Corporation (SPIC) and China General Nuclear Power Corporation (CGN), also provide great support. The program aims to cultivate applicants with outstanding academics and global vision in the field of nuclear engineering and management, who are willing to further their studies in China and to make contributions to the cooperation between China and their motherlands.

2. Department/School

- ✧ Department of Engineering Physics (DEP)
  Web: *https://www.ep.tsinghua.edu.cn/en/*
- ✧ Institute of Nuclear and New Energy Technology (INET)
  Web: *https://www.inet.tsinghua.edu.cn/ineten/*

3. Required Qualifications of Applicants

3.1. Applicants must be foreign nationals who do not hold Chinese nationality under the Nationality Law of the People's Republic of China. At the time of application, they must hold a valid foreign passport or other valid proof of foreign nationality.

- Applicants who were formerly Chinese citizens and subsequently acquired foreign nationality must no longer hold Chinese nationality. As of April 30 of the year of enrollment, at least six (6) years must have elapsed since they became foreign nationals or acquired foreign nationality.
- For applicants whose parent or parents are Chinese citizens and have settled abroad, who were born abroad, acquired foreign nationality at birth, and have never held Chinese nationality, the Chinese-citizen parent or parents must have obtained permanent residence in a foreign country by the time of the applicant's birth.

Applicants are required to submit application materials proving the above-mentioned circumstances in accordance with the requirements set out in Submission Instructions for International Graduate Applicants Regarding Nationality Status Documentation 2027.

If an applicant is found ineligible to apply, or if, before graduation or completion of studies, the applicant is determined not to qualify as an international student as defined in the Administrative Measures for the Enrollment and Cultivation of International Students by Schools (Order No. 42 jointly issued by the Ministry of Education, the Ministry of Foreign Affairs, and the Ministry of Public Security), the University will take action according to the stage at which the issue is discovered. If discovered at the application stage, the applicant's application eligibility will be revoked; if discovered before enrollment, the applicant's eligibility to enroll will be revoked; if discovered after enrollment, the applicant's admission qualification or student status will be revoked; and if discovered after graduation or completion of studies, any academic credential or degree certificate already issued will be revoked in

accordance with the law.

3.2. Applicants should have a Bachelor's Degree or an equivalent degree to a Bachelor's Degree (or above) in China, those with academic background and/or working experience in nuclear engineering, management, or other relevant fields are preferred. The students who will enroll in 2027 must obtain the nationally recognized bachelor's degree（for the universities of Chinese mainland）or the degree authentication report issued by Chinese Service Center for Scholarly Exchange, Ministry of Education,P.R.China before THU graduate student registration date of 2027, otherwise the admission qualification is invalid. Please click here to download Authentication Application Guide.

3.3. Applicants should be in good health and of good character (meet the physical examination requirements stipulated by the country and THU), be well-behaved and willing to abide by China's laws, regulations as well as Tsinghua's rules.

3.4. Applicants should have a certain level of English language proficiency, and are able to complete full English program. It is highly recommended to provide the Certificate confirming undergraduate studies were taught in English or TOEFL \IELTS test report.

Note: The applicant shall carefully check whether he/she meets the application qualification and application requirements (including the application requirements declared by the target school/department/major/program) before applying. The relevant consequences arising from his / her failure to meet the application qualification and application requirements shall be borne by the applicant himself / herself.

4. How to Apply

Applicants should complete the Online Application (Apply now) during the designated TUNEM application period. Applicants should fill in the application information online, upload the application documents listed below to the online application system, and pay the application fee online at the time of submission (For those who only apply TUNEM, the application fee will be waived, the program will pay the application fee for those applicants.).

TUNEM Application Schedule (Beijing Time): **Now——23:59 Mar. 1, 2027**

- ✧ The winter break of THU will be from Jan 21, 2027 to Feb 17, 2027. The application system will still be available during the winter break, but online verification might be delayed due to the vacation. Applicants are therefore recommended to complete their application at least two or three weeks in advance.
- ✧ Documents pertaining to nationality and identity status must be submitted by the specified deadline, and no supplementary materials will be accepted after the application period concludes.

5. Application Documents

Please submit all the listed documents below to the application system:

5.1. Personal statement. The Personal Statement should be completed directly in the application system.

5.2. Degree certificate and degree authentication. Applicants should submit their Bachelor's degree certificate. The degree diploma awarded by overseas universities should be authenticated by Chinese Service Center for Scholarly Exchange, Ministry of Education,P.R.China (CSCSE).The degree diploma awarded by universities of Chinese mainland should be authenticated by Center for Student Services and Development,Ministry of Education,P.R.China (CSSD).

Applicants who will not graduate before the application deadline shall provide the expected graduation certificate first, and the degree diploma and degree authentication must be submitted before registration. (Applicants who have graduated are required to provide the **degree authentication at the same time**.)

5.3. Academic transcript. Applicants with Bachelor's Degree should submit the academic transcript of undergraduate study. Applicants with Master's Degree are also required to submit the academic transcript of graduate study. Applicants who will not graduate before the application deadline must provide their current academic transcript. In this case, the completed academic transcript must be submitted before registration. If the uploaded transcript cannot directly show the total GPA score, the GPA certification document issued by the university is also required.

5.4. English language proficiency. For those whose native language is not English, it is recommended to provide score report of English language test (e.g. TOEFL/IELTS/others). Those who intend to apply for Chinese Government Scholarships must provide corresponding score report of English language test according to the requirements of scholarship application.

5.5. Two Academic Recommendation letters from scholars who have the title of associate professor or higher, or senior professionals in a related academic field, and one of the recommendations from CNNC/SPIC/CGN is preferred. Please follow the instructions on the online system for submission of online recommendation letters or upload the recommendation letters signed by references.

5.6. Passport (personal ordinary-type passport): Passport bio page

Applicants should present bio page of personal ordinary-type passport. Applicant who holds personal ordinary-type passport and diplomatic visa in China should also provide the scanned copy of diplomatic visa page.

5.7. Nationality Status Documentation

Applicants must submit the required nationality status documentation by the specified deadline in accordance with the requirements set out in ***Submission Instructions for International Graduate Applicants Regarding Nationality Status Documentation 2027***.

5.8Identification Photo. Please refer to the application system for specific requirements.

5.9. Other supporting documents.

If your undergraduate academic transcript does not show the overall GPA, please submit an undergraduate GPA certificate issued by the department or registration center of your undergraduate

institution. (This certificate should include information such as your personal GPA score, the GPA scale or average score, and your academic ranking).

6. Application Remarks

6.1. Applicants are required to submit scanned images of all required documents at the time of application. All uploaded documents should be in Chinese or in English; **otherwise notarial translations in Chinese or English are required**. **Once translated, the original documents and certified translations should be submitted together to the application system**.

6.2. Please scan the original or notarized application documents in color using a scanner. Images captured by mobile phone or camera are not acceptable. Scans of copies are also not acceptable.

6.3. For those who only apply TUNEM, the application fee will be waived (The program will pay the application fee for those applicants.). Otherwise the application fee must be paid at the time the application is submitted. (It cannot be covered by the Chinese Government Scholarship). Please apply online and pay the application fee in a safe place. THU is not responsible for any losses caused by your own operation errors or the leakage of your online payment account and password. Please consider carefully before paying the application fee online. If you cannot finish the application due to various reasons, the paid application fee will not be refunded. Regardless of whether the application is successful or not, the application fee is not refundable.

6.4. Applications with incomplete documents or without application fee payment will not be processed (For those who only apply TUNEM, the application fee will be waived.). Applicants should take the initiative to understand the application procedures and application requirements before applying. The applicant will be responsible for any consequences arising from failure to complete the application process as required.

6.5. THU has the right to require applicants to provide original application materials or authentication documents issued by a designated institution for further inspection.

6.6. As some countries' higher education systems are very different from the Chinese system, applicants from different education systems should refer to THU's online application website for reference. (Click here)

6.7. None of the above application documents will be returned.

6.8. If the higher-level department issues a new policy, THU will make corresponding adjustments.

6.9. Applicants must ensure that the application information, application materials, degree certificate and degree authentication provided are true and accurate. If the admissions unit or certification department verifies that anything in the application is not true, the application, admission or study qualification will be cancelled.

6.10. Applicants who are found to be in breach of academic ethics, professional ethics, honesty and trustworthiness, discipline and law-abiding etc., will not be admitted or admission/study qualification will be cancelled after this breach has been verified.

6.11. The relevant information, documents and messages that the THU Graduate Admissions Office,

Department of Engineering Physics (DEP) and Institute of Nuclear and New Energy Technology (INET) publish or send to applicants through websites, phone calls, emails, text messages, etc. are deemed to have been delivered. All consequences caused by the applicant's personal negligence and other reasons shall be borne by the applicant himself/herself.

7. Evaluation and Admission

THU admits students based on evaluation of their application documents together with a comprehensive assessment. The admission committee of TUNEM will review the application materials and select candidates for the comprehensive assessment based on the review results. The comprehensive assessment is generally based on interviews. The specific content, format, requirements and time arrangements are determined by the admission committee of TUNEM and will be notified to applicants who enter the comprehensive assessment.

Tsinghua University comprehensively considers the results of material review, comprehensive assessment and other factors, selects the best candidates and determines the admission list. A Certificate of Admission and the appendix will be issued by THU Graduate Admissions Office after the final admission result is released. Prior to this, applicants may check their admission status via the Application System.

8. CGS-TUNEM Program

CGS-TUNEM Program is co-established by the Ministry of Education of P.R. China and the National Energy Administration for Tsinghua University International Master's Program in Nuclear Engineering and Management (TUNEM). The program aims to sponsor applicants with outstanding academics and global vision in the field of nuclear engineering and management, who are willing to make contributions to the cooperation between China and their motherlands.

8.1 Scholarship Coverage

Tuition fees, on-campus accommodation, a monthly stipend, comprehensive medical insurance.

8.2 Duration

Two years

8.3 Number of Winners: 30

8.4 Application Procedure

8.4.1. Applicants should complete the Online Application on the website of the THU Graduate Programs Application System for International Students and be pre-admitted by the Program. ***Website:*** ***https://yzbm.tsinghua.edu.cn/intlLogin***

8.4.2. Applicants should complete the CGS scholarship Application on the website of the China Scholarship Council (CSC). ***Website:*** ***https://www.campuschina.org/***

8.4.3. Tsinghua University examines the scholarship application and nominates to CSC.

8.4.4. CSC examines and approves the scholarship application.
8.4.5 Annual Review is strictly required for all CGS holders.

9. Accommodation

Due to limited accommodation on campus, dormitory application must be made online on a first come first served basis. On-campus dormitories can only be reserved for full-time international graduate students who successfully apply for rooms online. Please attention that CGS holders also need to reserve online. Those who fail to make it need to find off-campus accommodation by themselves.

Detailed information regarding THU life, accommodation, student activities, visas and residence permit application, as well as other useful information, is available on the International Students & Scholars Center website. http://is.tsinghua.edu.cn

10. Visa Application and Registration

Admitted students should apply for a student visa (X1 visa) at the Embassy or Consulate of the People's Republic of China in their home country. To apply, students should provide their personal ordinary-type passport, Admission Notice, Visa Application Form (JW202/JW201), and original Foreigner Physical Examination Form, as well as other physical examination original documents/reports (applicants should check with the Chinese embassy/consulate for specific requirements).

Students must enter China with an ordinary-type passport (**Nationality and personal information must be consistent with the passport information as applying**) and X1 visa, and must apply for a Residence Permit within 30 days after arrival in China. Students are required to arrive at THU and complete their university registration during the dates indicated in the Admission package.

Normally, registration is held in late August or early September, the specific provisions shall be subject to the admission documents and the Notice for International Postgraduate Freshmen on Registration. **All students should present the required original degree certificates, and submit the degree authentication issued by THU designated institutions upon registration at Tsinghua University for enrollment qualification review**. Students who fail the enrollment qualification review will be disqualified from enrollment and study at Tsinghua University.

11. Costs (Unit: RMB Yuan)

1. Application Fee: RMB 800 (For those who only apply TUNEM, the application fee will be waived.)
2. Tuition Fee: RMB 78,000 for the whole program.
3. Accidental Injury and Hospitalization Insurance: RMB 800/year.
4. Accommodation on Tsinghua campus, Beijing: RMB 40/day per person for double rooms, RMB

30/day per person for triple rooms.

12. Complaint

Applicant who has any objection to the admissions process of the school/department, may file a complaint to the school/department in written form. The school/department should accept the complaint and respond. If the complainant disagrees with the reply, the complainant may appeal to the Graduate Admissions Office.
